**Owners Acknowledgements:**

- That no work on this request shall commence until I have received approval of the Architectural Control Committee (ACC);
- Any construction or alteration to the subject property prior to approval of the Architectural Control Committee is strictly prohibited. If I have commenced or completed any construction or alteration to the subject property and any part of this application is disapproved, I may be required to return the subject property to its original condition at MY OWN EXPENSE. If I refuse to do so and the HOA incurs any legal fees related to my construction and/or application, I will reimburse the HOA for all such legal expenses incurred.
- That any approval is contingent upon construction or alterations being completed in a neat and orderly manner;
- That there are architectural requirements covered by the Bylaws and a board review process as established by the Board of Directors;
- All proposed improvements to the property must comply with city, county, state and local codes. I understand that applications for all required building permits are my responsibility.
